

MEELAUD NADEM

Brentwood, California · meelaudnadem111@gmail.com · 925-725-9855

EDUCATION

University Of The Pacific

B.S. Computer Science *GPA: 3.0*

Stockton, California

August 2022 - December 2025

SKILLS

Programming Languages:

C/C++ - Intermediate, Python - Proficient, Golang - Intermediate, HTML, CSS, JavaScript

Relevant Courses & Certifications:

Intro To Comp Sci, Computer Networking & Security, Discrete Math, Data Structures

PROJECTS

Bank UI C++, Git/Github, VS Code

<https://github.com/Meelaudn/Cpp-Bank-UI>

A banking application from the POV of the bank teller to open/close accounts, withdraw/deposit money, lock/unlock accounts and more. It shows my knowledge and use of Data Structures as well as C++ protocols

Multiple AWS Projects HTML, CSS, JavaScript, Python, Golang, AWS, Linux (Ubuntu)

<https://github.com/Meelaudn>

multiple cloud projects completed on AWS that can be found on my GitHub

Virtual HoneyPot Server Linux (Ubuntu), VirtualBox, AWS, FireWall Security, Security Protocols, Github

<https://github.com/Meelaudn>

I am currently running a HoneyPot server on a Linux Virtual Machine meant to be attacked by hackers in order to learn more about their skills and technologies. It records times the server was accessed as well as IP addresses and Locations. It charts all of this information into logs I read weekly. More Information can be found on my GitHub.

Calculator Application Python, VS Code, Github

<https://github.com/Meelaudn>

A calculator application showcasing my knowledge of Python and its libraries
